Press Release: For Immediate Release

Geneva Lake Arts Foundation Announces “Out of Gallery” Exhibitors

The Geneva Lake Arts Foundation, Inc. announces the March schedule for its “Out of Gallery” Member Exhibits in the Lake Geneva area.

Enjoy the work of Kirsten Gamble at LilyPots Fresh Flowers and Gifts, located at 605 West Main Street. “Growing up in the country I had a big family. It consisted of 5 brothers and sisters and numerous horses, dogs, cats, and rabbits. One particular horse was like a brother to me. Only a year apart in age, we grew up together from the time I was 1 1/2 years old until the spring I turned 28, when he passed away. I watched him change from a dark brown foal to a snow-white old man. It is from this relationship that my passion for horses and horse art stems.

I began making art in the 2nd grade and went on to take every art class available to me through my years at school. In 2008 I graduated from the University of Wisconsin Stevens Point with a Bachelors of Fine Arts degree with an emphasis in two-dimensional art. My artwork can be seen at the ReVive Gallery and Studio in Lake Geneva.”

Elayne Tiritilli will be the featured artist in March at the Lake Geneva Public Library. “My paintings are designed to evoke images and impressions rather than to show detailed, realistic objects. My goals are to give your mind's eye a personal and enjoyable experience which is uniquely between you and me and to invite you to “experience” a piece through colors, shapes, lines, mood and visual pathways. Think of a painting as a visual playground. You complete the creative process when you react to it. If, at first, it does not evoke a response in you, quietly dwell on it and see what happens.”

Art and design have been Elayne's passion since childhood. This and insights gleaned from her career in psychology and education have lent Elayne's work a personal and dynamic quality. Her personal style has progressed from representational to non-representational, from realistic to impressionistic and abstract, and through work with various media (including oil, watercolor, acrylic, collage, and mixed media). You can view her artwork at genevalakeartsfoundation.org/elayne.

The Geneva Lake Arts Foundation, Inc., is proud to work with businesses in the community to share the talents of its members and to raise awareness of the arts.

If your business or organization is interested in displaying our members artwork in your location on a monthly basis, please contact our “Out of Gallery” exhibit chairperson, Sandra Fink May at sfmay64@hotmail.com for more information on how you can become partners with us.

Gallery hours are Saturdays from 10:00am – 4:00pm and Sundays 1:00pm – 4:00pm. The Geneva Lake Arts Foundation is a 501c3 charitable organization and subscribes to EOE standards.
